TINAZZI

In the ancient Veronese tradition, the Tinazzi were containers similar to barrels where the pressed grapes were placed to ferment: a family linked to wine even in the origin of their name. The history of Tinazzi cannot but begin with this curious anecdote, which began in the late Sixties in Verona, thanks to the commitment and passion of Eugenio Tinazzi. Gian Andrea Tinazzi, the founder's son, who was still eighteen at the time, immediately followed his father in running the business and gradually expanded the company's horizons both in terms of production and markets. Over the years, the company transformed from a local business, which sold DOC Veneto wines to small businesses on Lake Garda, to the current important Group extending across Veneto, Puglia (a region of great character and growing quality potential, where the Tinazzi have been present since 2001) and Tuscany (since 2022). The architect of this growth is certainly Giorgio Tinazzi, son of Gian Andrea, who in the early 2000s began to deal with sales in Italy and abroad and is today the CEO and commercial director of the Group that exports to more than 55 countries worldwide. Francesca Tinazzi, sister of Giorgio, is the CEO and Director of Finance and Management Control. She also oversees all initiatives related to sustainability and hospitality.
